Code Enforcement/
Architectural Manager

Architectural Liaison/ Code Enforcement Manager

Architectural Statistics

Applications	Inspected and closed
57	36

- Reminder to the resident that the Committee reviews applications the 2nd and 4th Thursday of every month. Submission deadline is the Friday before each scheduled meeting. Applications with no deposit can be submitted via email: architecture@svla.com. If a deposit is required, an appointment can be schedule at svla.com or by scanning the QR code.
- We have had a lot of projects that residents have been completing without getting approval through the Architectural Committee. If you are making a change to the exterior of your home please submit an application and if you have already made a change without asking the committee you can still submit an application to try to get the committees approval to avoid getting a citation. Should something happen that would make you change your plans and want to cancel an approved Architectural project and you have not started you can fill out a cancelation form. If you have started and don't want to finish what was approved, you will need to submit a modification request to be reviewed again by the committee.
- Whenever you have completed a project and are ready for a final inspection please let us know and we will either come and inspect it or schedule a time to go over it with you depending on if the project warrants the property owner being there.

- **Code Enforcement**

- We want to inform the residents we are still hiring for the code enforcement. We have started the Annual inspections and have nearly completed every home on the golf course. We will be focusing on all the homes on the lake next for both sides then following up on the golf course items for citations if the issues are not resolved.
- Our Department have been sending a lot of notices for weeds in your yards as some homes we have sent notices to have weeds multiple feet tall. Please stay proactive in removing your weeds as they are growing at a fast rate.
- In this coming months breeze article as well as on our next slide, I have included a rough guide of some of the things we check on our annual inspections to give you an idea of what to look for.
- Finally, I want to welcome our new board members and look forward to working with them on all of our committies.

- **Thank You for contributing to the Jewel of the Desert!**

This is not a complete list of the violations but are the typical issues we find during our annual inspections
