Community Updates

From the Maintenance Department

Our Maintenance department has been hard at work cleaning up after all the wind and rain that has come through by repairing all the vinyl fencing at Playfair and Long Acres parks.

They are also getting our community ready for warm weather by repairing and painting Meadowlark park benches and Gazebos, repairing basketball nets at the beach, and picking up trash in and around the lake!

DID YOU KNOW the Maintenance team installed horseshoes at Playfair park? Get out there and use them!

Spring is Upon Us!

A Message from Code Enforcement

Our code enforcement department kindly reminds you to remove any weeds that begin to pop up. Also, before you D-I-Yers begin your projects, don't forget to submit an Architecture Application for approval.

Applications are available on our website or in the Association Office.

Lake Update

We have approximately 28 inches left before the lake is at full capacity. We began the refilling process at the beginning of March, currently the water is rising about 1 inch per day.

BOD Election

Property Owners should have received their ballots for the Board of Directors Election. Currently there are 7 candidates and 3 spots available! Please follow all the instructions included with your ballot and do not forget to sign the outer envelope before returning it.

Ballots must be received by The Inspectors of Election before April 28th to be counted.

If you have not received your ballot, please call 888-211-5332
