ALFRED LOGAN, GENERAL MANAGER

This month I would like all our employees and volunteers to know that you are valued. Over time, I've learned that a small group of individuals tend to point out only the negative things they see around our community. It's my mission to highlight all of the positive things you all do for our community. Each month we look forward to spotlighting a community volunteer or someone who is making a positive difference in our community.

Once again, thank you for all you do to help improve our community.

Summer Staff- Each year, from Memorial Day through to Labor Day, we hire additional seasonal staff to ensure that you receive the best use of, and safety while using your amenities. This year, we also plan to hire a seasonal lifestyle specialist. This position will focus on activities for our youth and adults throughout the summer. These activities may include, but are not limited to: movie nights, dodge ball, 3-on-3 basketball tournaments, water activities and so much more! Our goal is to ensure that you and your family have a summer filled with fun and memories. We look forward to your feedback.
