The improvements that have been made are very nice.

Besides playground equipment not a lot to do. Need a new water fountain.

Kids love it.

Looking forward to the New Baseball Fields Set up!

Because I really think we need a dog park.

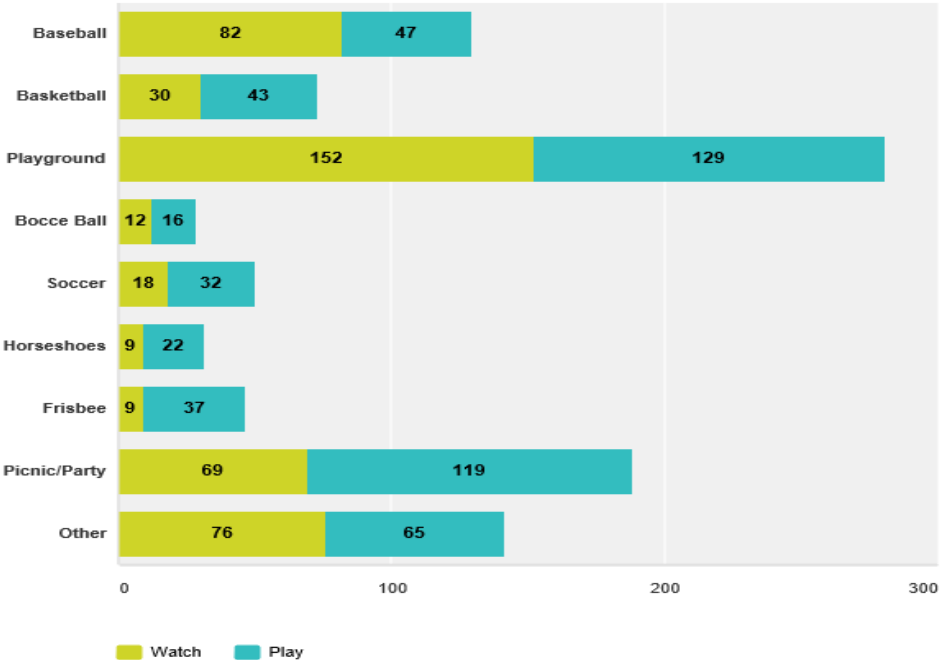

Needs more shade.

SNACK SHACK

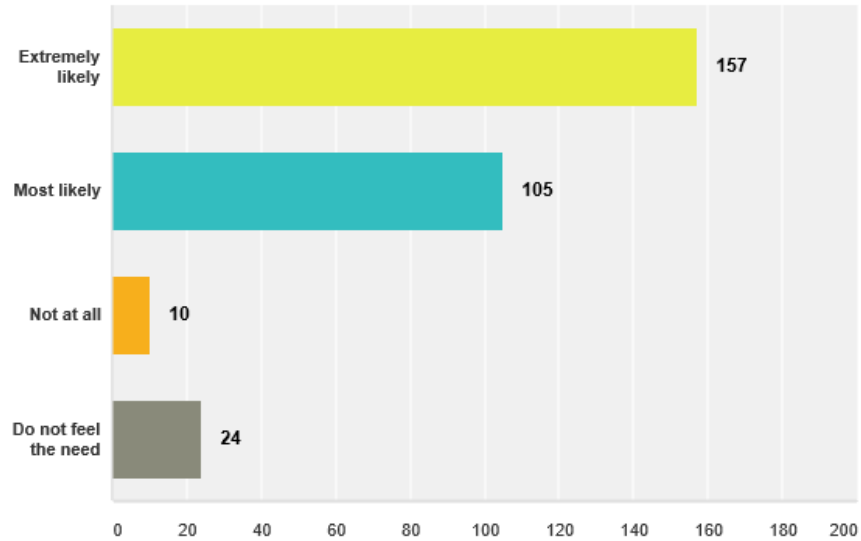

This food shack should also be available to the community during peak hours of use and during concerts. Great way for the association to raise funds to help cover concerts as well as provide the community refreshments during the summer months.

When I come to watch my grandson play we go to the snack bar.

While in the Meadowlark park, how likely would you utilize a new canopied or sun-protected area?

CANOPIES

Do not frequent the park.

Providing shade is a great option to ensure that the park is used during the heat of the day and better for when you need to be there.

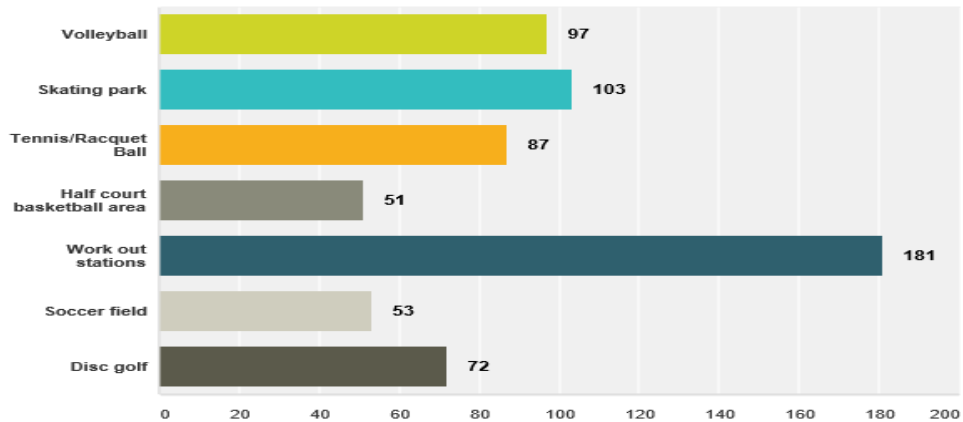

During special events. There was not enough shade when you had the opening summer water slides and entertainment. There was a lot of people and it was over 100 degrees.

- A dog park! It's very unfortunate that our community doesn't have a pet friendly place to let them run and play without the restrictions of a leash. Especially since the lot sizes are small and most backyards don't have the desired space to throw a ball. I think it would be a great way to bring more of our community together since there is a large population of dog owners out walking in the streets everyday.
